Counselling

Our counselling service is open **24/7** and staffed by professional counsellors, all bound by strict codes of confidentiality. You can talk to them over the phone or by video.

The counsellors are there to help you deal with a variety of issues. By seeking constructive help you may identify ways of addressing the root causes of your concerns and develop strategies to reduce the impact of the consequences.

Peer support

We also offer doctors and medical students the choice of speaking to another doctor. It's confidential peer support with an emotional focus.

Ask to speak to a doctor and you will be given the details of one of our team, who are experienced in supporting colleagues. You can arrange ongoing conversations at mutually convenient times.

Our doctors do not provide diagnoses or treatment, this is not an emergency service.

For further information about these services please call **020 7383 6739**, email wellbeingsupport@bma.org.uk or visit bma.org.uk/yourwellbeing
